in a long form of this notice at least ten days before the hearing date.

There will be no opportunity for additional public comment for the record at the March 10 Business Meeting on items for which a hearing was completed on February 10 or a previous date. Commission consideration on March 10 of items for which the public hearing is closed may result in approval of the item (by docket or resolution) as proposed, approval with changes, denial, or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Any deferred items will be considered for action at a public meeting of the Commission on a future date.

[Project No. 14635-001]

#### Village of Gouverneur, New York; Notice of Intent To Prepare an Environmental Assessment

On September 20, 2019, the Village of Gouverneur, New York (Village of Gouverneur) filed an application for an original minor license to continue operating the existing, unlicensed, 160-kilowatt Gouverneur Hydroelectric Project No. 14635 (Gouverneur Project or project). The project is located on the Oswegatchie River in the Village of Gouverneur, St. Lawrence County, New York. The project does not occupy federal land.

In accordance with the Commission's regulations, on November 19, 2020, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the Gouverneur Project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA .....	May 2021. <sup>1</sup>
Comments on EA .....	June 2021.
